Medical Explorer Posts

These medical posts are open to young men and women between the ages of 14 – 20. The programs meet 2 times each month. You will hear medical professionals speak on topics and see departments such as: emergency medicine, trauma center, surgery, pediatrics, physical therapy, CPR, and the coroner's office. There are volunteer opportunities available with the programs as well as job shadowing in various departments of the hospital. All of the programs meet September – May. You will have the opportunity to participate in social and service activities in addition to learning about the medical field. For more information and the meeting schedule, contact the particular advisor of the hospital you are interested in.
